32-Inch Rain Falls On Japan: 309 Die

Leaves Thousands Homeless

TOKYO, (Saturday) (AP)—National police Saturday counted 309 dead and 97,000 homeless in floods on the southern island of Kyushu.

Light drizzles added to the misery of the thousands driven to high ground after 32 inches of rain fell in 24 hours. Normal rainfall is 88 inches in a year.

Police listed 125 injured and 287 missing.

Police and Japanese coast guard boats, planes and jeeps rescued victims and picked up bodies.

Prime Minister Nobusuke Kishi summoned Japan's central disaster relief council to plan large-scale aid.

U.S. Sends Help
Japanese and U. S. agencies aped food and clothing to the ravaged area. The U. S. Navy sent medical supplies.

U. S. Air Force helicopters met the planes at Itazuke Airport near Fukuoka and ferried the relief supplies to the battered cities of western Kyushu.

Isahaya, a mountain-ringed city of 57,000, was the worst hit. Police listed 182 persons known dead there and 154 missing.

Property damage was heavy in nearby Omura, but police listed only 11 dead in the city of 57,000. They discounted newspaper reports saying at least 1,000 had died in Isahaya.

Isahaya and Omura are in the Natsukawa area of Kyushu, Japan's southernmost island. Nagasaki, one of the two atom-bombed cities of World War II, escaped flood damage caused by one of the heaviest rainfalls ever recorded in Japan—a 24-hour period.

Only Roofs Visible
One observer said Isahaya looked as though it had been transformed into a sea with only a few high points and roofs visible above the waters.

"It seemed like someone had dumped the contents of a lake on the survivor."

A 20-year-old girl picked up 15 miles from the coastline clinging to a piece of lumber said: "I don't remember anything except that the water snatched me away all of a sudden."

HOFFA GETS BACKING FOR PRESIDENT FROM ST. LOUIS TEAMSTERS

CHICAGO (AP)—James R. Hoffa, Friday accepted the shouted endorsement of 340 backers as a candidate for president of the International Brotherhood of Teamsters.

The 44-year-old Detroit vice president of the teamsters apparently was off to a strong start as a candidate for a five year term as successor to retiring President Dave Beck as \$50,000 a year head of the teamsters.

The endorsement of Hoffa came at a meeting called by Harold J. Gibbons of St. Louis, secretary-treasurer of the teamsters Central States Conference attended by Hoffa and supporters from the Central States, Eastern and Western conferences.

Hoffa will face the election test after the teamsters national convention Sept. 30.

Nickerson 'Exiled' To Obscure Job In Panama Canal Zone

WASHINGTON (AP)—The Army Friday banished Col. John C. Nickerson to an obscure job in the Panama Canal Zone.

Nickerson, a missile expert, was convicted last month of failing to safeguard secrets.

The Army issued an order reassigning the career officer from his post at the Army Ballistics Missile Agency, Huntsville, Ala., to become an "inspector of engineering facilities" at Ft. Clayton, Canal Zone.

The order itself was in the form of routine transfer of assignment. But its issuance permits application of some of the punishment provided by his court-martial.

That trial grew out of charges that he sent to newsmen and other unauthorized persons a document arguing against the limitation of the Army's role in the ballistic missile field. The document, the charges said, contained secret material.

An Army spokesman, replying to questions, disclosed that under terms of the sentence imposed on the 41-year-old West Point graduate, his status in Panama will be like this:

1. His job will be inspection of such things as facilities of the canal, its locks, machinery, and installations on military posts. He will have a job "not associated with guided missiles or research and development in any way."

2. The man who has been working on the most secret of Army projects will be denied access to anything but the lowest form of classified material, "confidential."

3. Under the sentence which suspended him from command for one year he will not be permitted to issue any orders to any officer, no matter how junior.

4. By interpretation of the court-martial sentence, Nickerson and his family—when they arrive in Panama during the next 30 days—will have to except housing after all other officers, including lieutenants newly arrived, have made their choice. The sentence stripped him of privileges of command during a one-year period.

The Army said the Nickerson case is now ended. A spokesman said a study of the record of the court-martial was completed Friday.

The broad new amendment was offered by Sens. O'Mahoney, (Wyo.), Kefauver (Tenn.) and Church (Idaho). They were promptly congratulated by Sen. Russell (D-Ga.) on their "attempt to pressure the right of trial by jury."

Russell had served notice earlier in the day that Southern senators would filibuster unless the civil rights bill is softened by a jury trial amendment.

In effect, the new amendment would revise the general law governing contempt-of-court cases.

Kefauver described it as "a great advance of civil liberties because, as now presented, this amendment does not apply to this bill alone."

"It covers all actions for contempt," Kefauver said. "It can well assure labor unions of their day in court before a jury of their peers—something that was done in the Norris-LaGuardia Act but which has been largely nullified through the Taft-Hartley Act."

In some quarters the new move was interpreted as an attempt to get labor behind a jury trial amendment and woo the votes of those Northern senators now opposed to any change in the civil rights legislation.

A spokesman for the AFL-CIO said his organization's policy-makers hadn't seen the new amendment yet and consequently hadn't taken a stand on it.

The Senate's Democratic Leader, Sen. Johnson of Texas, told reporters Friday morning that some organized labor leaders are supporting a jury trial amendment. He did not identify them, and the AFL-CIO spokesman said he didn't know who they were.

President Eisenhower was represented Friday as urging passage of the civil rights bill without another major change.

What jury trial advocates want to amend is Section 4 of the bill. This section would empower the attorney general to seek federal court injunctions against violations, or threatened violations, of voting rights. Persons flouting the injunctions could be charged with contempt of court and tried by federal judges without juries.

Sen. Douglas (D-Ill.) was the first to take the floor against the O'Mahoney-Kefauver-Church bill. (Continued On Page Nine)

SEVERELY BURNED TRUCKER PREVENTS BIG EXPLOSION

FORT WORTH, Tex. (AP)—A courageous gasoline truck driver Friday drove his truck from a service station after gasoline fumes exploded as he filled the station's storage tank.

He is John A. Sitter, 50, who suffered first and second-degree burns shortly before noon but still drove his tank truck two blocks away from the station when freed gasoline fumes ignited.

His quick thinking prevented the explosion of gasoline in the truck's tank and the underground storage tank, police said.

Sitter, who received burns on his hands, forehead and face, was later reported in "good" condition at St. Joseph's Hospital.

SOVIET SUB MAKES DEBUT IN EGYPT
ALEXANDRIA, Egypt (AP)—A Soviet submarine made its public debut here Friday. It is one of three recently delivered by the Russians to the Egyptian navy.

The showing was part of the July 25-26 celebrations of the revolution which ousted King Farouk five years ago and nationalized the Suez Canal a year ago Friday. Thousands of holidaymakers cheered the sub's emergence in the harbor between two heavy destroyers. The other two subs were not shown.

Cellophane first was produced in the town of Tonawanda, N. Y.

Oman Dispute Imperils U.S. Policy In Mideast

KILLED IN PLANE EXPLOSION—An explosion ripped a hole in the side of a Western Air Lines Convair-440 through which a passenger, S. F. Binstock of North Hollywood, was blown. The plane made an emergency landing. It was enroute to Los Angeles from Las Vegas.

Find Body Of Man Blown From Plane, Intact But Badly Mashed

VICTORVILLE, Calif. (AP)—The body of a man blown mysteriously through the side of an airliner was found on a desert hilltop Friday.

Searchers came upon the body of S. F. Binstock, 62-year-old retired jeweler of North Hollywood, Calif., as they followed the path of fragments from the plane's fuselage.

Binstock disappeared when an unexplained blast tore a big hole in the tail of a Western Airlines Convair as it flew at 10,000 feet between Las Vegas, Nev., and Los Angeles early Thursday.

Searchers reported by radio the body "was intact but badly mashed." It was found about eight miles southwest of Daguerre on the route of the airliner.

The twin-engine craft made a safe emergency landing with 12 passengers and crew of three at George Air Force Base near Victorville.

The body will be examined by a representative of the coroner's office.

Earlier the blood-spattered basin from the plane's washroom was found.

The blast tore away the entire wall of the plane's washroom where Binstock had been since shortly after the craft left Las Vegas.

Four holes along the torn edge of the fuselage led FBI agents to theorize that shots fired by Binstock may have caused an explosive decompression that broke the fuselage. Another theory of investigators is that an explosive was detonated but as yet no definite traces of powder have been found on recovered fuselage fragments.

W. S. McNamara, assistant to the chief of the Civil Aeronautics Board's investigation division, said the flecks of blood appeared to have hit the basin with considerable force.

Binstock purchased \$125,000 worth of round trip insurance before leaving Lockheed Airport in Los Angeles for Las Vegas Wednesday night. He took a return flight just after midnight Thursday.

HELENA, Ark. (AP)—Two crop duster pilots were killed when their planes collided Friday.

The two were Frank Klemak, 33, of Helena, and Richard Heier, also 33, of Beloit, Wis.

The two were dusting cotton in the same large field at Crumrod, about 60 miles south of here, when wings of the planes brushed.

Heier's plane crashed to the ground instantly.

Klemak tried to gain altitude, but his plane struck a power line and crashed.

Both men were dead when help arrived. The planes, both owned by Klemak, did not burn.

Klemak, who came here about three years ago from Joliet, Ill., is survived by his widow and four children.

Heier was unmarried.

Furnishes Ballyhoo For Egypt

By WILLIAM L. RYAN, AP Foreign News Analyst

United States policy in the Middle East is running into a perilous squeeze because of a complicated dispute involving goats, camels and the promise of oil.

In Oman the British are making a determined bid to retain their precarious position in the Persian Gulf area, with its oil riches important to Britain's economy.

In the background is the old Arabian Peninsula feud over the Buraimi oasis area. Involved now is a suggestion of clashing British-American oil interests. Mixed up in the squabble also are the political ambitions of Egypt's President Nasser and the territorial aims of King Saud of Saudi Arabia.

Without some basis for a common British-American viewpoint, there seems little hope the dispute can be settled. Barring a settlement, this new little war becomes a valuable gift to the Communist plot of sowing chaos and confusion in the area.

Awkward Time To Fight
The fighting flared at an awkward time. The United States had just eased another dangerous situation by bringing Saud together with the kings of Jordan and Iraq in a common front against Egyptian-Syrian designs.

Egyptian propaganda welcomes the fighting in Oman as evidence of Western imperialism and a rallying point for that elusive commodity called "Arab unity."

Cairo propaganda beamed to the Arabian Peninsula calls the Sultan of Muscat and Oman, Said bin Taimur, a traitor to Arabism. It hails as hero the rebellion leader, the deposed Imam Galeb bin Ali.

Cairo Propaganda
Evidently hopeful of wooing Saud back into the Egyptian-Syrian bloc, Cairo propaganda calls the fighting a battle of all Arabs against Western imperialism. Moscow gleefully labels the crisis the result of "plotting by American monopolists to eject their British competitors from an area with the smell of oil."

The British profess to believe Saud is behind the rebel Imam. (Continued On Page Nine)

U.S. TELLS SOVIET TO MAKE STUDENT EXCHANGE PROPOSAL

WASHINGTON (AP)—The State Department Friday challenged Soviet Party boss Nikita Khrushchev to make a specific formal proposal for exchanging Soviet and American students "and let us have a look at it."

State Department press officer Lincoln White made the statement at a news conference in comment on Khrushchev's informal remarks Thursday to a group of American tourists in Moscow.

Khrushchev suggested "several hundred" Soviet and American students could be exchanged. He boasted, in effect, that the Russians were not afraid Soviet students would be weaned away from Communism by any lengthy stay in America—but that the reverse might happen to Americans.

FLU EPIDEMIC HITS CHILI

Adlai On Colonialism

No Westerner's words are likely to throw even a small roadblock in the path of the powerful Asian-African drive to stamp out colonialism in every corner of those continents. Nevertheless, for the sake of factual and moral balance, Adlai Stevenson's words on the subject are welcome.

Stevenson has just completed his second tour of Africa. As a leading Democrat, he knows what he says will be attended to, not only in the United States but in many world capitals. In these circumstances, he has chosen to make responsible utterance.

Having closely examined British and French rule in the African colonies, he has dealt out warm praise to both nations for their conduct of colonial administration in the broad belt of central Africa.

To be sure, he has left North Africa out of this picture, and by that fact seems to imply a harsher judgment of French rule there.

However that may be, he has had the good sense to offer a discriminating judgment on a subject that most often is discussed in sweeping generalizations which leave out all the deli-

cate but important gray shades.

And Stevenson has had the courage to speak out when he could be fairly positive that what he said would not find favor in such capitals of anti-colonialism as New Delhi. It would have been much easier simply to say "colonialism is bad and it must go wherever it exists."

Instead, the two-time Democratic presidential candidate declared that the part played by Britain and France in central Africa was "extremely impressive and little understood by the rest of the world."

He credited both powers, as well as other European colonial administrators, with exercising their responsibilities in the area in a "most advanced, responsible and enlightened manner."

Wherever in the world statesmen and citizens still listen to facts rather than just to the pounding of emotional tides, Stevenson's words should find ready audience. And while they surely will not change Prime Minister Nehru's vote, they may make it harder for him and others of like mind to sell gullible peoples on the idea that everything the West has done in the name of colonialism is black as pitch.

Reductio Ad Absurdum

An annual summertime product is the national and international beauty contests. Nothing, perhaps, could be more apt accompaniment of the silly season.

This year's series of contests got off to a hilarious start. The "Cinderella girl" who won the title of "Miss U.S.A." turned out to have missed being a miss by two marriages—to say nothing of two children. She was promptly dethroned.

And just as the howl over this was subsiding, came the word that the

grand winner of the "Miss Universe" title was a Peruvian girl who is only 17 years old—not the minimum 18 required by the contest rules. For this discrepancy the Peruvian ambassador provided the bland explanation that "Anybody in Peru who is over 17 years and six months is considered to be 18." So, "Miss Universe" was permitted to retain her crown and sceptre.

Now all we are waiting for is the "Miss America" contest in September. Wanna bet that the winner won't turn out to be a man?

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—"I can think of no better way for anybody than a busy life on a farm," said Jimmy Cagney, whose 75 movie roles enabled him to become a country gentleman.

"It's the most natural way to live. It's not so far removed from reality."

"I've been country-crazy myself since I was 5."

Gentleman Jim, the farmer, had to fight his way out from city streets to a place on the land.

Born in Manhattan's Lower East Side, son of an Irish saloonkeeper who died young, Cagney went to work as a copy boy for the old New York Sun at 14. His first job in the theater was impersonating a chorus girl.

"He knew many a lean year as a vaudeville hoofer and Broadway actor before he won film immortality in 1930 by grinding a grapefruit in Mae Clark's face in 'Public Enemy.' Then came the golden deluge. But Jimmy, who was making \$150,000 a picture as long ago as 1937, is glad that neither his son, James, Jr., 17, nor his daughter, Cathleen, shows any interest in show business."

"It's a rough life," said the little redhead who graduated years ago from the roughneck roles that first won him fame.

"My boy is interested in farm genetics and Cathleen all her life has wanted to be a veterinarian. That suits me fine."

Cagney, who still dances daily to keep in shape, has plenty of pavement-free land now to rest his feet on. He has a 600-acre horse ranch in California, a 700-acre dairy farm with 90 cows near Millbrook, N. Y., and a 200-

acre estate on Martha's Vineyard where he likes to spend the summer just watching the grass grow. Jimmy takes his farming seriously. He's trying to cross-breed Scottish highland cattle with conventional dairy cows to produce cattle "that need no barning and no winter feeding."

"The goal is a cow with a built-in thermometer," he said. Jimmy has just completed "Man of a Thousand Faces," a Universal-International film that tells the life story of Lon Chaney, who like Cagney himself, began his

career as a hoofer. "In order to be a hoofer," he remarked, "there has to be something the matter with you. Nobody else would be in a theater at 8 a.m. day after day, beating his brains out with his feet. But I see myself as a superannuated song and dance man, really."

One reason may be the fact that, although he has played a wide variety of dramatic roles, it was his portrayal of George M. Cohan in "Yankee Doodle Dandy" that won him an Academy award.

Like many veteran performers ruled by a real understanding of showmanship rather than egotism or vanity, Cagney now limits himself to no more than two films a year.

"It's a great mistake to show the face too often," he said. "Let them see you too often, and I don't care who the individual is, he'll go by the boards."

LIGHT LUNCH
NEWPORT NEWS, Va. (AP)—Expecting guests? Much planning involved? Consider the case of John W. Dickinson.

Dickinson isn't a professional caterer. He is an electrical buyer for the Newport News Shipbuilding and Dry Dock Company. He is also chief steward for trial runs of ships.

He began in February to make plans for feeding 2,300 people for three days in July during the trial runs of the new 60,000-ton aircraft carrier Ranger.

A card to all divisions of the shipyard disclosed that from welders, painters, riggers, etc., there were 260 with experience as waiters and cooks.

The food included 7,000 steaks, 22,000 pounds of turkey, 3,200 pounds of ribs of beef, 4,700 veal cutlets and more than 1,000 pounds of bacon and butter.

Nobody went hungry.

Our regular service customers know that our shop is equipped with the best modern instruments a garage can buy, stuff that would make Buck Rogers green with envy. But with all those real greasy-thumb mechanics who love cars, respects them and handles a wrench like a magic wand.

I like to tweak a friend of mine, another car dealer, with the story of one of his mechanics who was assigned to find exactly where a rear-end rattle was. After probing around a bit, he decided the only way to track it down was to climb in the trunk while another mechanic drove the car around the block.

So he unlocked the trunk lid, stuck the key in his coveralls and pulled the trunk closed on himself. He found the rattle right away. And the extra half hour he spent in the trunk while a new key was being made wasn't nearly as embarrassing as the ribbing he took when he finally was released.

I don't think any of our mechanics have done time in a luggage compartment, but they have the determination and single-mindedness-of-purpose that led our locked-in hero into distress. And that's a good thing, even if it does lead to occasional red faces.

That determination serves you in two ways. It assures you of a clean, mechanically spic-and-span car when you pick up a used model from our lot. Every car on the lot has been rejuvenated right on the spot by our mechanics.

And then, when the car is yours, those same mechanics who probably know the inside of your car better than you do will get the job of servicing it and keeping it trouble-free all the time you have it.

I don't know of a better way to buy a used car.

TRUMAN DROPS
FAVORITE HABIT
INDEPENDENCE, Mo. (AP)—Former President Harry S. Truman has sworn off one of his favorite habits—autographing \$1 bills. A visitor to Truman Memorial Library ask him Thursday for one of the autographs. "I hadn't better," he said. "Why?" asked an old friend. "You can't deface currency," he said. "That's the law. The attorney general would just love to put me in jail." The former President was asked if he had been cautioned officially about it. "Oh, no," he said.

What is this ill wind blowing out of the Windy City that bodes so much drollery for the average Frenchman?

Is it the stockyards? The Loop? The memory of Mrs. O'Leary's cow? Does the Hollywood version of the prohibition gangster with the turned up collar, pulled down hat and submachinegun still stalk the streets of a Frenchman's vision of Chicago?

In probing the source of this mysterious Midwestern mirth, the Chicago problem was posed to a French postcard salesman in a winding street near Gare du Nord.

"Ah, Shick-gar-go, Shick-gar-go," his face lit up in a knowing Gallic smile. "Oui, Shick-gar-go."

The explanation got no further. The very idea of Chicago, evidently, was just too funny for words—or at least for any words to be heard above his hysteria.

Eisenhower has made a federal school aid program a major plank in his legislative platform for several years. But he let it be known earlier this week he was "not entirely satisfied" with the bill the House was considering, although he would sign the measure if Congress passed it.

After the House vote Thursday, press secretary James C. Hagerty said the White House would have no comment.

By a 208-203 roll call vote, the House adopted a motion by Rep. Howard W. Smith (D-Va.) to strike out the enacting clause of the bill—in effect, kill it.

That vote confirmed an earlier tentative vote, 153-126, to kill the bill.

The House sealed the measure's doom earlier by attaching an anti-segregation amendment offered by Rep. Wainwright (R-N.Y.). This came by a 136-105 standing vote. It would have denied the proposed federal aid to any school district operating segregated schools in violation of the Supreme Court's integration ruling.

Both Democratic and Republican backers of federal aid to school construction said it was dead now for a long time.

"I think it's lost for good," Kelley said. "That was the second effort in two years."

Last year the House defeated a similar measure by a 234-194 vote, also after tacking on an anti-segregation amendment.

The bill would have distributed 300 million dollars a year for five years to the states, allotting half on the basis of school age population and half on the basis of financial need.

NEW YORK (AP)—Labor racketeer Johnny Dio was found guilty Thursday night in a \$30,000 union shakedown conspiracy. He faces up to two years in prison.

An all-male "blue ribbon" jury found Dio and two union leaders guilty after 23 hours of deliberation, spread over two nights and two days.

Convicted with Dio were Samuel Goldstein, 41, president of Local 239 of the International Brotherhood of Teamsters, and Max Chester, 41, former financial secretary of Local 405 of the Retail Clerks International Assn.

Dio, a 43-year-old ex-convict, also faces a federal charge that he was the mastermind in the acid blinding of labor columnist Victor Riesel.

Dio, Goldstein and Chester were charged with a deal to get the \$30,000 from two jointly owned electroplating firms as the price of "labor peace." Two partners in the firms testified for the prosecution that \$10,000 was actually paid out.

PARIS (AP)—The French they are a funny race, as the movie title says. But they regard Chicagoans as infinitely funnier.

In fact, nothing seems to amuse the French quite so much as Chicago.

Street Sweeper Says \$1,800 Paid To Keep Job

CHICAGO (AP)—A Puerto Rican immigrant has accused a Democratic precinct captain of taking some \$1,800 from him in 14 months on the threat he'd lose his job as street sweeper if he didn't pay.

The precinct captain, Louis Winetroub, 62, of the 42nd Ward, was seized in a police trap at his home Thursday night. Confidence game charges were filed against him and he was released on \$300 bond.

Asst. State's Atty. Robert Cronin said Saturday Panna, 39, who came to this country six years ago, told him Winetroub had taken \$50 payments from him every other week since he got a job as a city street sweeper.

Panna was quoted as saying the payments were higher when he worked overtime.

Detectives followed Panna to Winetroub's home Thursday night after he filed a complaint against the precinct captain. They stationed themselves near an open transom and after Panna handed Winetroub \$50 in marked bills, they arrested him.

The precinct captain told officers the \$50 was repayment of a loan he had made Panna.

Panna's basic wage is \$65.50 weekly. He told officers he had been trying to save his money to bring his wife and four children to this country.

Winetroub has been 31st precinct captain of the 42nd Ward for about 18 years. He was appointed a deputy bailiff of the Municipal Court last year and assigned work in the wage garnishee section of the court.

CHRYSLER MAKES COMEBACK
DETROIT (AP)—Chrysler Corp. Thursday reported net earnings of \$89,740,757 for the first six months of 1957 compared with net of \$18,671,471 in the like period of last year.

The figures emphasize one of the most phenomenal comebacks in American automotive history. The earnings for this year's January-June half were equal to \$10.28 per share; for the same period last year they amounted to \$2.14 per share.

Following his usual practice, Soviet Delegate Valerian Zorin did not immediately accept or reject the proposal. He said it would be studied. But Zorin in the past has consistently rebuffed suggestions that disarmament study committees be set up and has demanded instead that the West agree to Soviet proposals for halting all nuclear weapon tests immediately for a two- or three-year period.

Zorin similarly proposed on April 30 that all nuclear powers renounce forever both the use of nuclear weapons and guided missiles of all ranges capable of carrying nuclear warheads.

Stassen's proposal dealt only with long-range or outer-space missiles.

MY PRIVATE MOVIE

There was a day last summer that I kept tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.

It was a Sunday. We'd been to church, Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids sailed their boats while Lee and I stretched out on the grass and looked up at the blue silk sky, all dotted with fleecy white clouds.

We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.

In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.

I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness... I shall never forget.

Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family is. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Massachusetts Governor Asks Prayers For Rain

BOSTON (AP)—Residents of Massachusetts were asked today to pray for rain in a proclamation by Gov. Foster Furcolo, who described a two-month drought as "increasing in alarming proportions."

At the same time, the Most Rev. Richard J. Cushing, Catholic archbishop of Boston, directed priests in his jurisdiction to recite a prayer for rain in their daily Masses. With no appreciable rain forecast, drastic water restrictions were expected to be imposed on 2½ million persons in the 27 cities and towns in metropolitan Boston as the only means of protecting public health and safety.

The curbs would stop car washing, the filling of swimming pools and limit all forms of outdoor use of water. The State Department of Public Health has declared a water shortage emergency in 32 other Bay State cities and towns. This permits local water boards to shut off the supply of persons who disregard conservative directives. Gov. Furcolo also directed the extension of rain-making operations to 11 drought-stricken sections. At present cloud-seeding apparatus is set up only in Bristol and Plymouth counties.

Illinois Toll Roads Nearly All Now Being Built

CHICAGO (AP)—Construction is underway on nearly all of the Illinois toll highways, Charles L. Dearing, executive director of the toll highway commission said Thursday.

Dearing said work has begun on 181 miles of the 187-mile system. In a report at a commission meeting, Dearing said 85 per cent of the main line right-of-way has been acquired.

The commission voted approval of an agreement with the Illinois Department of Public Safety under which a detachment of state police would be assigned patrol duties along the tollway.

"There is every reason to believe that the Illinois tollways will be the safest and best patrolled in the country" because of this arrangement, Dearing said.

MAJOR SERV AIS ROODHOUSE ROTARY CLUB SPEAKER

ROODHOUSE—Major Henri Servais, head of the Salvation Army, Jacksonville, spoke before the local Rotary club Wednesday night following the weekly dinner served in Hopkins Community hall on the subject, "Speed in Religion—Speed in Young People."

Other Jacksonville Rotarians present were Ralph Heas, Tom Cornish, and Bob Curry. David Manning was the guest of his father, Ross Manning. A directors meeting, conducted by the president, Leroy Hopkins, followed the regular session.

REFRESHER—As the driver looks on rather enviously, his pint-size vehicle gets a dunking beneath an elevated pump normally used for streetcars in Rome, Italy. The cooling shower cascading over the hot metal provided welcome relief for the overheated auto. The Eternal City was sweltering in the grip of one of the severest heat waves in many years.

Detroit Suburb Mayor Shot By Angry Contractor

DETROIT (AP)—Mayor James Tierney, 52, of suburban Garden City, was in critical condition with six bullet wounds in his body today while a disgruntled contractor was held at a secret hideout for fear of violence against him.

Tierney was shot in the chest, abdomen and groin Thursday night at a City Hall planning commission meeting.

City Atty. Russell Swarthout, 34, was struck in the hand in the shooting spree.

Police Chief Arthur Nagle identified Tierney's assailant as 6-foot, 3-inch, 350-pound Lester Ellerhorst, 52, a Garden City contractor and board chairman of Gypsum Constructors, Inc.

Nagle said witnesses told him Ellerhorst, whose firm constructed a controversial Garden City police station, walked into the meeting, shouted "You are a thief" at Tierney and began shooting. The city had filed suit against Ellerhorst, charging inferior materials were used.

Nagle said Ellerhorst ran from the room after emptying his 22-caliber pistol, then called police and surrendered.

Ellerhorst was being held at an undisclosed location for investigation in the shooting. Asst. Prosecutor John Mowatt said he feared there might be violence when a crowd of some 300 gathered in front of City Hall after the shooting.

Mowatt said Ellerhorst refused to make a statement about the shooting.

The shooting followed recent criticism by Tierney and Swarthout of the city's new \$108,000 police station which they called a "white elephant."

Swarthout's suit against Ellerhorst's firm alleges inferior materials were used in the station and that its cost was more than double that of any similar building.

The suit also contends the building is not suitable for use as a police station.

AREA DANCERS WIN CONTESTS AT NEW BERLIN FAIR

The second night amateur talent show at the Sangamon County Junior Fair being held at New Berlin resulted in 3 of the four winners from the Jacksonville Area. Talent Shows are held three nights, Wednesday, Thursday and Friday, four winners named each night and the 12 finalists compete the last night of the Fair, Saturday, July 27.

The three acts from this area winning Thursday were: Diane Sassenberger, city Judy Windsor from Mercedosa and Roland Creed, Waverly and Cheryl Jane Grant, Jacksonville. The preceding night of the four one was from this area, Mark Whittington, Virginia. All of the above named are students at the Grant School of Dance in this city.

Indict Cissel In Holdup Killing Of Odd Jobs Man

ST. LOUIS (AP)—A 22-year-old boiler-maker was indicted Thursday for the July 19 killing of an elderly odd jobs man during a holdup.

A Circuit Court grand jury indicted David Lee Cissel of St. Louis for the gunshot slaying of Harry Woods, 62.

Woods, a customer in a cafe, charged an armed gunman during the holdup. He struck the gunman on the right arm with a piece of iron pipe but was shot in the chest.

Cissel was arrested 15 minutes later by detectives. He was identified by William Madows, cook at the cafe, as the robber.

Cissel denied any connection with the crime. He said he had taken a friend home just a few minutes before the time of the shooting and was driving to his own home when arrested.

Police said the friend backed up Cissel's statement.

Pierce Saves Nightcap For Wilson As Chisox Split With Orioles

BALTIMORE (AP)—Chicago summoned pitching ace Billy Pierce from the bullpen in the 11th inning to preserve Jim Wilson's 1-0 shutout in the second game as the White Sox gained a split with the pesky Baltimore Orioles Friday night.

The Orioles won the first game of the two-night doubleheader, 5-2, scoring all their runs in the first inning off Jack Harshman, three on a homer by rookie Joe Durham.

Manager Al Lopez brought in Pierce for his second relief appearance of the season after losing pitcher Ken Lehman walked to open the ninth and moved to second on Billy Gardner's sacrifice.

Pierce walked Bob Boyd on four pitches, but he bore down to get Al Pizarro on a called third strike and then struck out Durham.

Wilson gave up only two hits in winning his 11th game against seven losses.

The White Sox scored their run in the second when Larry Doyle walked, moved to third on a single by Luis Aparicio and scored on a sacrifice fly by Sammy Esposito.

Baltimore's Ray Moore also required relief in the last inning of the first game when he gave up two of the White Sox' four hits and both of their runs. George Zvernick came on to retire pinchhitter Walt Deros for the final out with the bases loaded.

First game: Chicago 000 000 002—2-1 Baltimore 500 000 003—5-1 Harshman, Staley (1), Howell (6) and Moss, Battey (6); Moore, Zvernick (9) and Triandos. W—Moore, L—Harshman. Home runs—Baltimore, Durham.

Second Game Chicago 010 000 000—1-0 Baltimore 000 000 000—2-0 Wilson, Pierce (9) and Battey; Lehman and Ginsberg, W—Wilson.

Colby 1st In \$7,500 Wolverine Ladies' Open

DETROIT (AP)—Powerful Winnie Colby of Miami Beach, Fla., shot her second straight 4-under-par 71 and picked off the halfway mark as more than a dozen golfers went into contention in the \$7,500 Wolverine Ladies' Open.

The 25-year-old Miss Colby shared the second-day spotlight with Beverly Hanson of Indio, Calif., and Kathy Cornelius of Dayton, Ohio, who broke the women's course record at Lochmoore Club with a pair of 69s.

Miss Colby's two-day total was 142—eight strokes better than par at the 6,406-yard Par 73 layout—and gave her one-stroke lead over Mrs. Cornelius and Mary Lena Faulk of Thomasville, Ga.

First-round leader Mickey Wright of Chula Vista, Calif., followed her 70 with a second-round 74 and was two strokes off the pace at 144.

DETROIT SENDS PITCHER DON LEE BACK TO MINORS

DETROIT (AP)—The Detroit Tigers sent young Don Lee back to the minors Friday. The right-handed pitcher was optioned to Charleston, W. Va., in the triple A American Assn.

Lee, a son of former major leaguer Thornton Lee, opened the season with the Tigers, but was optioned to Birmingham of the AA Southern Assn. May 27. He was recalled June 16.

Lee's won-loss record with Detroit is 1-3. It was 0-1 at Birmingham.

BETTERS WORLD MARK

CORTLAND, N. Y. (AP)—Free-styler George Breen Thursday night flashed to a new unofficial world swim record of 19 minutes, 36.5 seconds for the mile. He knocked 44 seconds off his own world mark.

The 22-year-old Buffalo swimmer posted the mark in an indoor pool.

Man O'War sired two Selma winners at Laurel—Bateau in 1927 and War Beauty in 1939.

Phillies Net Pair Of Runs In 10th On Wild Toss To Trip Cubs, 3-1

CHICAGO (AP)—Reliever Turk Lown of Chicago uncorked a wild pitch to third on an easy play which set up a two-run Philadelphia 10th inning and handed the perking Phillies a 3-1 triumph Friday over the last-place Cubs.

Ex-Cub pitcher Warren Hacker scattered four hits before he left in the 10th, registering his sixth victory against two defeats. Dick Farrell replaced Hacker after Lee Walls opened the Cub 10th with a scratch single, Farrell walked a single to pinch hitter Dale Long but, with the bases loaded, got Ernie Banks on a long fly to end the game.

Chicago's one-time ace, Bob Feller, was anchored with his 11th defeat against 11 victories. Rush quit in the 10th after Ed Bouchee's leadoff double. Bouché scored when Lown took Stan Lopata's third-inning sacrifice bunt and threw high over third.

Lopata scooped all the way to third on the error. Dick Littlefield immediately replaced Lown and was touched by Harry Anderson for a single, scoring pinch runner Rip Repulski.

Sports Trail

By WHITNEY MARTIN

WESTBURY, N.Y. (AP)—Everywhere you go in the new Roosevelt Raceway Clubhouse you stumble onto a bar. After awhile you just stumble everywhere you go.

The number of bars on the premises—32 at a late count—gives an idea of the magnitude and luxury of this slightly fabulous plant serving as a monument to the gambling spirit which flourishes among the citizens.

"It's a cry from the old wooden grandstand which served as the temporary home of trotting and racing addicts when the harness events made their hesitant debut at the present site from 17 years ago.

It has to be seen to be believed, this \$18,000 layout which combines the luxury of a royal palace, a snooty hotel and a supermarket. When it opens for business next Thursday the customers are liable to try to register for the night at one of the mutual windows.

They aren't going to be able to forget the mutual windows. Everywhere you turn there is a window—some 440 of them all told—and even a person comfortably seated in one of the 32 bars, which include a bar strictly for men so they can hide out from the little woman when she runs out of fresh money, practically can reach out an arm and buy a win, place or show ticket.

An evening is terribly hot, or cold, the bettors don't need to leave their air-conditioned or heated comfort to watch the races. They're racers, are piped via closed circuit TV to various parts of the track.

The statistics involving the races are staggering. If you happen to get hungry, there are three elaborate restaurants, not mention a cafeteria and numerous snack bars.

If your clothes happen to become rumpled or spotted, you'll find valet service available. If you puff and wheeze a little while climbing stairs there are numerous elevators and escalators to save your breath, if not your money.

A peacock would hide its head in shame contemplating the myriad colors and hues which make the entire place one big rainbow. There are 233 such colors and shades, not including the tinting of the murels which grace the dining rooms and lounges.

It is ironic that such a gigantic and luxurious plant can be constructed and maintained by the proceeds of bets on horses trotting or pacing around an oval pulling sulks, while baseball, with no pari-mutuels, is willing on the franchise shifts because of inadequate facilities.

Trotting and pacing, once the farmers' delight and looked down on by the flat race people as something for the lower classes, finally has gone high-hat itself. It has progressed far since it was an afternoon diversion at county fairs, with only the grand circuit even approaching the big time.

ONE KILLED, 10 HURT IN FOUR-CAR CRASH

CALEDONIA, Ill. (AP)—A teenage South Beloit, Ill., girl was killed and 10 other persons were injured Friday in a four-car pile-up at a roadblock on State Highway 173 near Caledonia in northern Illinois.

Killed in the crash was Ann Cuthins, 17, a passenger in one of three cars stopped by a flagman along a stretch of highway under construction.

Police said a car driven by David Kupperman, Rockford, rammed the rear of the car in which Miss Cuthins was riding—the third vehicle in the line.

The impact knocked the car into two in front. Evelyn Schaffman, 19, Beloit, Wis., was the driver of the car carrying Miss Cuthins.

Five other persons, all unidentified, were injured in Miss Schaffman's auto.

John G. Fawls, Madison, Wis., and Martin Ferris, Kenosha, Wis., were the drivers of the No. 1 and 2 cars in the line, police said. They and two other unidentified persons were injured.

Patterson's pre-fight boxing totalled 130 rounds against 15 or 20 different opponents over a six-week span.

The champ will break camp Sunday and come to town to await the noon weigh-in Monday.

He expects to come in at about 184 pounds for the nationally televised fight which would be the heaviest of his career.

Patterson won the crown by stopping Moore in five rounds at Chicago Nov. 30.

FRANK WELCH DIES OF HEART ATTACK, PLAYED WITH A's

BIRMINGHAM, Ala. (AP)—Frank Welch, one of Connie Mack's favorites on the Philadelphia Athletics, died of a heart attack Thursday night.

Welch, a Birmingham native was with the Athletics from 1919 through 1926.

Traded to Boston, the outfielder hit what was described as "the world's longest single." He hit struck Fenway Park's scoreboard clock in deep leftfield and bounced back to the outfielder, who held Welch to one base.

Redlegs Take Third Place Away From Bums With 6-5 Win

CINCINNATI (AP)—Cincinnati's Redlegs blew a four-run lead Friday night, then put together the winning run on double by Herschell Freeman and a single by Johnny Temple in the 11th inning to take the National League third place away from Brooklyn's Dodgers with a 6-5 victory over the Bums.

An reliever Freeman collected the win after taking over in the 10th inning. He got into trouble in the 11th, dealing out a double and a single, but got free again when Ransom Jackson singled to outfielder Wally Post whose throw caught Gil Hodges trying for home.

The Reds had put together a five-run outburst in the fifth inning on five hits—two of them homers—to take a 5-1 lead. Brooklyn 010 000 022 00—5 11 0 Cincinnati 000 050 000 01—6 14 2 (11 innings)

Williams, Zauchin Lead Red Sox To 10-1 Victory

BOSTON (AP)—Norm Zauchin and Ted Williams combined to drive in seven runs for Boston's 10-1 victory over Cleveland Friday night as the Red Sox again proved poison to southpaw pitching.

The defeat knocked the Indians out of the American League's first division, half a game back of Detroit.

Recently reclaimed from the bench, Zauchin pounded out a towering solo homer into the left field screen, a double and a single good for four runs.

Williams, who scored twice to run his major league total to 1,600, lined a single to right for one RBI and stepped up to slice a two-run double high off the left field barrier.

With a 2-for-3 performance, Williams hiked his batting average three points to .364.

Cleveland left-hander Don Mossi was the loser—15th southpaw victimized by the Sox this season in 18 decisions.

Cleveland 001 000 000—1 8 0 Boston 110 035 000—10 13 2 Mossi, Tomaneck (5), Daley (6) and Hegan, Naragon (7); Nixon and White, L—Mossi.

Phils Owe Thanks To Mrs. Sanford And Daughter

CHICAGO (AP)—The Philadelphia Phillies owe a vote of thanks for their pennant chances to Mrs. Jack Sanford and her 19-month-old daughter.

Mrs. Sanford is the attractive wife of the Phils' surprising rookie right-hander. The word rookie should be used with understanding because Jack—while a newcomer in the major leagues—is 28.

The big boy has an amazing freshman record with 13 wins against only 3 losses. He's leading the National League in strikeouts as well as victories. And there can be no denying his performance has kept the Phils in contention for the pennant.

The obvious question about Sanford has been: How come a pitcher as classy as this fellow never reached the big time until he's 28?

In organized baseball since 1948, his best pre-Phillies mark was a 16-8 record with Schenectady in 1952.

Sanford said recently that he had been upset when the Phils failed to bring him up after his 1952 success.

But the right-hander said he had a little chat with himself in spring training this year.

"I've got to make it," Sanford told Sanford. "I'm married now and we have a little girl. I have to get that big league money."

Sanford is quick to state that his marital status has changed his pitching. He's steadier now, doesn't get mad so often, isn't wild in the pinch. He feels, he said, he just can't afford the luxury of "blowing my top to the way I used to."

Fairfield Trails Bolt, Ford In Eastern Open

BALTIMORE (AP)—Tommy Bolt simmered down from a record 64 to a hard-earned par 72 Friday and had his lead in the Eastern Open Tournament cut to two strokes over Doug Ford, golf's top money grabber.

Ford, collector of more than \$38,000 this year, was under par by three strokes for the second straight time to move into threatening position with 138.

He made up three strokes on Bolt before going into the final 18-hole rounds Saturday and Sunday on Mount Pleasant's 6,895-yard course.

There was an overall slackening of pace in the second round compared with the zippy opening led by Bolt's breaking of the 72 course record by a stroke.

Don Fairfield of Casey, Ill., who had trailed in the first round with 67, also fell back to par on his second try for 139.

Mother Of Four Freed On Bond In Husband's Slaying

SAVANNAH, Ga. (AP)—Bruised and tortured Helen Dorsey was released under \$1,000 bond Friday on a charge of slaying her Air Force captain-husband who, she said, was driven to violence by fear of a plane disaster.

The comely 31-year-old mother of four had both eyes blackened, her face and body cut and bruised by her 6-foot husband, she said, before she shot him near the heart with a 22-caliber target pistol Thursday night.

Capt. Benjamin A. Dorsey, 33, of nearby Hunter Air Force Base, was added, also made her light a candle and held her finger index in the flame "so I could see how it feels to burn."

She blamed beating, kicking and other abuse by her husband of 11 years on fits of depression brought on by speculation of what would happen if he were in a plane that crashed and caught fire.

Judge Dunbar Harrison admitted her to bail upon a plea of her attorney, Aaron Kravitch, that she needed immediate hospitalization because of her mental before the shooting. Kravitch told the judge Dorsey frequently beat and tortured her.

Two of the couple's children, Benjamin Jr., 10, and Elizabeth, 9, witnessed the shooting. David, 4, and Ruth, 3, were asleep.

The police were called by a neighbor, Claude M. Youmans, to whose home Mrs. Dorsey fled. They found the officer lying on a bloodstained bed, gasping, "help me, I've been shot." He died soon afterward.

Dorsey, from Olympia, Wash., was commander of the 2025th Airways and Air Communications Squadron at Hunter.

Refusal To Buy Stolen Car Leads To Man's Capture

PRINCETON, Ill. (AP)—Two youths' refusal to buy a stolen car has led to the capture of an armed man who told police he had been "turned loose by mistake."

Bureau County Sheriff George Hodge Thursday identified the man as L. A. Naway, 36, of San Antonio, Tex.

The sheriff said two unnamed youths in DePue called police after the man tried to sell them a car without showing title to the vehicle.

Hodge said Naway had abandoned the auto before authorities arrived and was reported seen on an eastbound freight train oil tank leaving Bureau, several miles southwest of DePue. Police at Springfield, five miles east of DePue, said they found him hiding in high grass along the railroad siding after they stopped the train. The man made no move to use his gun.

Hodge said the car was stolen in Silvis, Ill., July 23. He said Naway has been indicted in San Antonio for habitual criminality, but that the man said he came to Illinois after "they turned me loose by mistake."

He was held in Bureau County jail pending transfer to Rock Island County where the car was stolen.

It was Schmidt's ninth straight victory—longest winning streak in the National League this season. He put the Red Birds in first place by percentage points.

Schmidt has a 9-1 record and hasn't lost since April 24. He stopped the Pirates with two hits through the last five innings.

Ronnie Kline, now 2-15, was the Pirate loser in relief.

Kline started his own downfall by walking Hobe Landrith in the 10th. Then three too late on Eddie Kasko's sacrifice bunt and all runners were safe, and when Eddie Migis popped up trying to bunt, Kline threw wild into the Pirate dugout advancing the runners.

An intentional walk to Don Blasingame and Dark's single followed.

Bunning Allows 2 Hits As Tigers Beat Yanks, 3-2

NEW YORK (AP)—Jim Bunning gave up just two hits—one Mickey Mantle's 200th major league home run—after pitching six innings of hitless ball Friday night as the Detroit Tigers defeated the New York Yankees 3-2.

The Tigers managed just four hits off loser Bob Turley. Tommy Byrne while handing the Yankees their fifth defeat in the last seven games and third loss in a row.

Bunning gave up the Yankees' first hit in the seventh inning when Yogi Berra led off with a triple. He lost his shutout in the same frame, when Bill Skowron followed with a sacrifice fly.

Mantle smacked his 27th home run—an opposite field shot into the left field stands that tied him with Boston's Ted Williams for the league lead—with one out in the ninth.

U.S. SECURITIES OFFERINGS AT 4% FIND READY MARKET

WASHINGTON (AP)—The government's big offering of securities paying up to 4 percent, highest interest rate since 1934—found a ready market.

The Treasury announced Friday that holders of \$22,800,000,000 of the \$23,900,000,000 in issues coming due in August and October have agreed to swap them for the new securities. This is an "attrition rate" as the Treasury calls it of less than 5 percent.

By comparison, the Treasury had to dig up the cash for 26 percent of some four billion dollars by securities maturing in May when it offered to exchange them for new issues paying 3 1/2 and 3 percent interest. That meant holders of 28 percent of the old securities preferred cash to taking the new ones.

Dartmouth began its football series with Yale in 1884 but failed to beat the Elis until 1935.

NEW CHURCH DATES NORTHFIELD, Minn. (AP)—The tentative date for the organizing convention of the new American Lutheran Church has been set for April 24-26, 1960.

The civic auditorium in Minneapolis has been engaged for those dates.

The uniting groups comprise the Evangelical Lutheran Church, the United Evangelical Lutheran Church, the American Lutheran Church and perhaps the Lutheran Free Church.

Actual functioning of the new organization is to begin Jan. 1, 1961. Before that time each uniting church will have certified and transferred all its assets to The American Lutheran Church.

STAMPEDE AT BLUE SPRINGS BY GENE OLSON

THE STORY: A federal prisoner was kidnapped from Marshall Harney Blanchard. No one is town will help the marshal except Pike Ambrose, who believes Eric and Dan Clement are behind the plot. Pike takes Blanchard to see Lillian Jethroe, widow of Barney Jethroe, whose death resulted from Dorsey's cowardice.

He's depending on me to do that. I don't want to get you in trouble. I appreciate all what you did for me and . . . well, I don't want you to get in trouble. I know how bad the Clements could be to you and Dick if they took a notion.

"And to you."

"To me, too. But you got to see, ma'am, this whole town has got to see, it's not just me or you against the Clements and Cole. It's not like we're all alone. We got Barney Blanchard!"

She put her hand on my shoulder. "Pike, he's one man. Maybe they wouldn't have taken Pete off the train if they'd known Blanchard was on it. But his reputation can't help now."

"It's not just reputation," I said, feeling stubborn. "You got to see that, ma'am. You don't have to worry about Dick or anything. You help us and Blanchard'll watch out for you."

Lillian let herself down to the step. She sighed. "Perhaps, Pike. Perhaps. For as long as he lives."

"He'll live longer than anybody in this town, ma'am."

I SAT wondering what I could say to get Lillian on our side. If she knew Blanchard better, I thought, she'd trust him. I didn't think that the Clements wanted to tangle with Blanchard. Eric was smart. He liked the odds strong on his side, the way they were before Blanchard hit town. Maybe the odds were still good enough to suit him.

I tried to think of something else that might be bothering Lillian. I knew she depended on the town for her living. She did sewing, never lacking for customers that I could see, and she knew a lot of women came because they felt sorry for her. I'd had to do more. "Look, Mrs. Jethroe, I got to help Blanchard."

"I know what I'm getting into, ma'am."

"You'll have more trouble from the town, just because you're with him."

"I know."

Lillian sighed. "Maybe it's too late, anyway. Maybe you've already gone too far."

"That could be. Eric saw me with Blanchard."

"Then it's too late. Pike . . . are you doing this for revenge, just because the town doesn't want you to do it?"

"You hit it pretty close, ma'am."

"Maybe it's what the town deserves. What they did to you was a terrible thing. But if you . . . if you lose your life, who wins, you or the town?"

I felt like I'd already done a month's talking since dawn but I had to do more. "Look, Mrs. Jethroe, I got to help Blanchard."

PUBLIC SALE

325 ACRE IMPROVED FARM

I will offer at public auction, my farm, located 3 miles south of Palmyra on Route 111, turning left on a gravel road, then 2 miles east and one-half mile south; or 8 miles north of Carlinville on Rt. 4, then 6 miles west and one-half mile south, on

Saturday, Aug. 3

1957, AT 2:00 P. M. (DST)

The farm will be sold in two separate tracts and then offered together.

The first tract of land that will be offered consists of approximately 220 acres, of which 145 acres are tillable; the balance being in pasture and timber.

The improvements consist of a 6-room house, with white siding, a 12-ft. x 12-ft. garage, fairly new; a large barn equipped with stanchions and a 12-ft. x 36-ft. good silo attached to the barn; also a milk house, brooder house, chicken house, a new chicken house with a new corn crib attached; another new 10-ft. x 40-ft. corn crib. There is ample water supply; a large pond has recently been constructed and is very near the improvements just mentioned; also another pond south of the house, along with a good well at the house.

The second tract of land that will be offered consists of 106 acres, of which approximately 45 acres are tillable, 9 acres being bottom land, the balance being in pasture and some timber which joins the 220 acre tract of land.

The improvements consist of 5-room house, which has recently been painted and is in good condition. The house has electricity; also there is a garage, chicken house and storm cellar.

In 1953 all of the farm land was limed and phosphated. Some bulldozing was done in the pastures; also some of the pastures limed and re-seeded.

The 1957 growing crops consists of approximately 50 acres corn, 20 acres of that being in soil bank; 15 acres of wheat and 96 acres of beans.

In the last few years many improvements have been made on this farm. These 2 tracts of farm land separate or all together, would make a desirable farm and home, as well as a good investment. Recent fertilizing adds to its productive capacity, making it a good stock farm, due to the improvements, ample pasture and water supply.

The coal and mineral rights are intact. All of the 1957 growing crops not harvested, subject to the lease of tenant share, balance going to purchaser. Sanford Jesse is the present tenant.

The 1956 taxes have been paid. The 1957 taxes, payable in 1958, will be paid by the purchaser that will be offered, 9 acres being bottom land, the balance being in pasture and some timber which joins the 220 acre tract of land.

The bride-elect is employed as a registered nurse at the Jacksonville State Hospital and her prospective husband is an auto mechanic for McCurdy Ford agency in this city.

On May 21 a personal shower honored Miss Boyance given by her fellow workers at the hospital. Hostesses were Irene Christen, Velma Piper and Mabel Corder. Many lovely gifts were received by the honoree. A pink and blue decorated umbrella with gay streamers held the gifts.

On July 17 Mrs. Nancy Stangberg, R.N. and Mrs. Katherine Wild, A.N. entertained with a miscellaneous shower in the Pilgrim Room at Hamilton's. Prizes awarded to the guests were: Mrs. Barbara Gregory, Ethel Grady, Irene Christen and Nona Irvin.

On Wednesday, July 24, Mrs. Joseph Boyance, aunt of the bride-to-be, entertained at a luncheon and surprise shower with Miss Boyance receiving many nice gifts.

Turns Tables On Alleged Holdup Man

Gene Rickert, proprietor of Gene's Sporting Goods store, 211 South Sandy street, is shown with the .22 caliber "persuader" with which he cowed a young alleged holdup man late Thursday afternoon. Rickert, 53, was angered when the husky alleged stickup man threatened him with a loaded revolver. The proprietor grabbed a weapon of his own and told the intruder to "freeze," which he promptly did. The suspect, 20 year old Benjamin Montemayor of Donna, Texas, is held in the Morgan county jail to answer charges.

Mr. And Mrs. Gene Rickert Capture Bandit, Using Revolver, Iron Bar

When a heavy-set young bandit ordered Gene Rickert, sporting goods store proprietor, to throw up his hands in an attempted holdup late Thursday afternoon, Rickert reacted with anger.

"You're kidding—that gun isn't loaded," Rickert replied. Before the 53 year old proprietor realized the holdup man's revolver really was loaded, he snatched a .22 caliber revolver from a case.

Jumping into a hallway at the rear of the store, Rickert leveled the gun at the bandit and shouted, "Freeze where you are and drop that gun."

SUSPECT UNDER \$5,000 BOND

An alleged holdup man, Benjamin Montemayor, (left) on his way from the city jail to the Morgan county jail in custody of Deputy Sheriff Staley Keller. Sgt. Francis Willner is at right, as the manacled prisoner and deputy leave the police station. Montemayor was subdued by Gene Rickert after an attempt to rob Gene's Sporting Goods store. The defendant is held under \$5,000 bond.

Chicago Couple Injured As Driver Avoids Collision

A Chicago couple, Mr. and Mrs. Arthur Smith, 9632 North Meade Avenue, were treated at Our Saviour's hospital early Friday afternoon for minor injuries received when their car ran off the highway on route 36, west of Winchester.

Mr. Smith, 57, reported another automobile stopped short and to avoid a collision he turned sharply off the highway. Mrs. Smith, 54, suffered a cut on her forehead and Mr. Smith a laceration on his chin. They were brought to the Jacksonville hospital by Ralph Helm of Winchester, an employee of the Ford Agency there.

The Smiths had left their home Friday morning en route to visit relatives in Kansas. State patrolman Heyer of Jacksonville responded to the accident call.

Chaney Rites Held Sunday

GREENFIELD — Funeral services for Ray W. Chaney, retired rural mail carrier, who died at the St. Joseph Hospital, Alton, Thursday night, were conducted at the Shields Memorial Home Sunday afternoon. Rev. Donald E. Bula officiated, and interment was in the City cemetery at White Hall.

The casket bearers were former associates of the postoffice and city council. Postmaster Harley Gustine, William Lahr, Leo K. Price, Martin A. Story, William Metcalf, George Parks and Elmer Jackson of Greenfield and Robert L. McManus of East Alton.

KINNETT REUNION TO BE HELD HERE AUG. 4

The Kinnett family reunion and basket dinner will be held Sunday, Aug. 4, at Nichols park. Friends and relatives are invited to attend.

The alleged bandit, caught unaware by Rickert's show of anger, let the revolver clatter to the floor.

Mrs. Rickert then entered the thrilling action. She obtained a heavy iron bar and stood guard over the bandit, who they seated in a chair, while her husband phoned for police.

The suspect, a husky 185 pound youth, started to drop his hands at one stage of the proceedings, according to Rickert. "Let him have it," the store proprietor shouted to his wife. But the suspect promptly elevated his hands as far as possible.

When taken to the police station the suspect was found to have a dagger-type knife in one of his pockets.

The prisoner gave his name as Benjamin Montemayor, 20, of Donna, Texas, Route 1.

Police a short time later seized a Chevrolet truck which Montemayor is believed to have stolen Thursday morning at Morrison, Ill.

Rickert said that about 4:15 o'clock Thursday afternoon the swarthy youth entered the store and asked to look at .22 calibre revolvers, explaining that he wanted to buy one "for his father."

Rickert went to another part of the store to get a revolver. When he came back and faced the stranger, the bandit threatened him with one of the guns he had been examining. At first the proprietor thought the bandit was bluffing.

"If he had asked me for \$10, I might have given it to him," Rickert said in relating his experience. "But when a man throws a gun on me, that's different. I don't know hardly how to explain the feeling, but it made me mad."

Later it was found that the suspect had inserted two cartridges in the weapon he held.

Police arrived quickly in response to Rickert's call. Montemayor was questioned by Chief Flynn and other officers, and Friday was transferred to the county jail after charges were prepared by State's Attorney Charles J. Ryan.

A warrant charging attempt to commit the offense of robbery was sworn out in the court of Justice Charles Warwar. Bond was fixed at \$5,000, which was not furnished.

The suspect told police that he is of Mexican descent; that he had family trouble, and "didn't get into trouble with the law after troubles of his own."

ASIATIC FLU

HITS SAN DIEGO
SAN DIEGO, Calif. (AP) — The County Health Department estimated Friday that there have been 3,600 civilian cases of Asiatic flu in the last 30 days and four deaths in the last two weeks resulting from complications.

The Navy estimates there have been 7,000 cases among Navy and Marine personnel, with no deaths. Dr. J. B. Askey, city-county health director, said that it is not a reportable disease and only an estimate of the number of civilian cases is possible.

"We believe, however," he said, "that it has not begun to fall off."

Public Library Bright, Cheery After Painting

Libraries were once rather sober places, but no one will apply that adjective to the Jacksonville Public Library, which has been undergoing a complete redecoration.

The Adult Department, which has been closed to the public since July 10, will be ready for service on Monday afternoon, July 29. No fines have been charged on adult books due in July. Fines will be charged at the usual rate on books due Aug. 7, and after.

Children have continued to borrow books in the Young People's room while the main floor has been occupied by the painters. One hundred and seventy-nine horses in the summer reading Derby have kept a fast pace around the track, one horse having been around 13 times. Adults have shared the interest of the children. Painters will begin giving this room a brighter look on July 29, but books will still be available in the adjoining rooms.

The Adult Department will continue its summer schedule through August 31: 9:00 a.m. to 6:00 p.m. every day but Wednesday. On Wednesday the Library will remain open until 9:00 p.m.

The Young People's Room closes at 6:00 p.m. every day.

On Thursday, Aug. 1, both departments will close at noon for Jacksonville Day at the Morgan County Fair.

ILLINOIS DEMOCRATS PLAN SEPT. 28 MEET

CHICAGO (AP)—A statewide organization meeting to establish a federation of Illinois Democrats was set Friday for Sept. 28 in Springfield.

The date was picked by a steering committee of some 20 party members associated with various local party groups and candidates in former campaigns.

Dan Walker, Chicago attorney, chairman of the planning committee, said that "several hundred" persons are expected at the Springfield meeting when aims and specific organization details will be acted upon.

Two interim committees — on arrangements and bylaws — conferred Friday in a session at the LaSalle Hotel, but no specific decisions other than the date of the rally were made.

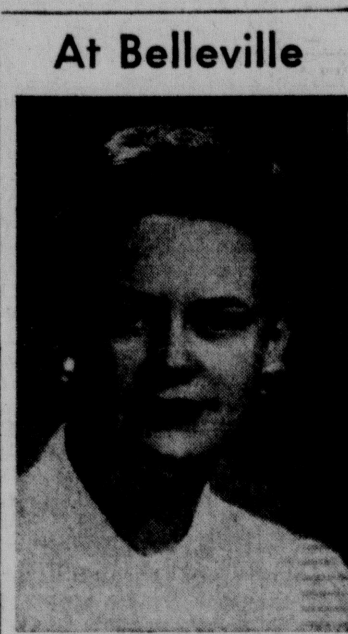

Another meeting of the bylaw committee will be held next week to prepare an organization plan to be presented in Springfield.

Walker said that the federation plan seeks "to broaden the base" of the party in Illinois, develop an organization of campaign workers, strengthening fund-raising programs, and encourage selection of quality candidates.
